

API	REASON	PAYLOAD	METHOD
SuperAdmin			
https://beetassi.herokuapp.com/BeeTassi/login	login for super admin	email,password	post
User			
https://beetassi.herokuapp.com/BeeTassi/register	register for user	name,email,password,contact,address,typeOfRole	post
https://beetassi.herokuapp.com/BeeTassi/login	login for user	email,password	post
https://beetassi.herokuapp.com/BeeTassi/user/userBookToCab	user book to cab send otp	contact,pickUpLocation,dropLocation,selectVehicle	post
https://beetassi.herokuapp.com/BeeTassi/user/getAllUserList	get All user list	-	get
https://beetassi.herokuapp.com/BeeTassi/user/getSingleUserDetails	get Single user details	token(user)	get
https://beetassi.herokuapp.com/BeeTassi/user/updateUserProfile	update user profile	token(user)	put
https://beetassi.herokuapp.com/BeeTassi/user/deleteUserProfile	delete user profile	token(user)	delete
https://beetassi.herokuapp.com/BeeTassi/user/getAllUserBookingDetails	get All user booking details	token(owner)	get
Owner			
https://beetassi.herokuapp.com/BeeTassi/register	register for owner	companyName,name,email,password,contact,profileImage,typeOfVehicle,location,address,typeOfRole.	post
https://beetassi.herokuapp.com/BeeTassi/login	login for owner	email,password	post
http://192.168.0.112:6600/BeeTassi/image	image upload for owner register	image	post
https://beetassi.herokuapp.com/BeeTassi/owner/getAllOwnerList	get All owner list	-	get
https://beetassi.herokuapp.com/BeeTassi/owner/getSingleOwnerDetails	get Single owner details	token(owner)	get
https://beetassi.herokuapp.com/BeeTassi/owner/updateOwnerProfile	update owner details	token(owner)	put
https://beetassi.herokuapp.com/BeeTassi/owner/deleteOwnerProfile	delete owner details	token(owner)	delete
https://beetassi.herokuapp.com/BeeTassi/owner/ownerGetOurOwnEmployeeList	owner get own employee list	token(owner)	get
https://beetassi.herokuapp.com/BeeTassi/owner/ownerGetOurOwnVehicleList	owner get own vehicle details	token(owner)	get
Driver			
https://beetassi.herokuapp.com/BeeTassi/driverDetails/addDriver	owner add driver details	companyName,candidateName,email,password,contact,profileImage,drivingLicense,licenseValidIn,typeOfVehicle	post
https://beetassi.herokuapp.com/BeeTassi/driverDetails/login	driver login	email,password	post
https://beetassi.herokuapp.com/BeeTassi/driverDetails/getAllDriverList	get All driver list	-	get
https://beetassi.herokuapp.com/BeeTassi/driverDetails/getSingleDriverData	get Single driver details	token(driver)	get
https://beetassi.herokuapp.com/BeeTassi/driverDetails/updateDriverProfile	update driver details	token(driver)	put
https://beetassi.herokuapp.com/BeeTassi/driverDetails/deleteDriverProfile/:id	delete driver details	token(owner),params(driverId)	delete
https://beetassi.herokuapp.com/BeeTassi/driverDetails/filterLocation/:latitude/:longitude	user near by driver location	params(latitude,longitude)	get
https://beetassi.herokuapp.com/BeeTassi/driverDetails/verifyUserOtp/:otp	verify user otp	params(otp)	get
vehicle details			
https://beetassi.herokuapp.com/BeeTassi/vehicleDetails/addVehicleDetails	owner add vehicle details		post
https://beetassi.herokuapp.com/BeeTassi/vehicleDetails/getAllVehicleList	get All vehicle list	-	get
https://beetassi.herokuapp.com/BeeTassi/vehicleDetails/getSingleVehicleDetails/:id	get Single vehicle details	params(vehicle id)	get

https://beetassi.herokuapp.com/BeeTassi/vehicleDetails/updateVehicleDetails	owner update vehicle details	token(owner)	put
https://beetassi.herokuapp.com/BeeTassi/vehicleDetails/deleteVehicleDetails/:id	owner delete vehicle details	token(owner),params(vehicleId)	delete
payment			
https://beetassi.herokuapp.com/BeeTassi/payment/createPayment/:id	create payment	params(userId)	post
https://beetassi.herokuapp.com/BeeTassi/payment/getAllPaymentList	get All payment list	-	get
https://beetassi.herokuapp.com/BeeTassi/payment/getSinglePaymentDetails/:id	get Single payment details	params(paymentId)	get
Report			
https://beetassi.herokuapp.com/BeeTassi/report/report/:id	put report for taxi	params(userId)	post
https://beetassi.herokuapp.com/BeeTassi/report/getAllReportList	get All report list	-	get
https://beetassi.herokuapp.com/BeeTassi/report/getSingleReportDetails/:id	get Single report details	params(reportId)	get
https://beetassi.herokuapp.com/BeeTassi/report/deleteReportDetails/:id	delete report details for user	params(reportId)	delete
search			
http://192.168.0.112:6600/BeeTassi/owner/search/:key	search for owner	params(key)->company name,location	get
http://192.168.0.112:6600/BeeTassi/user/search/:key	search for user	params(key)->vehicle type	get
